MEMORANDUM

SUBJECT: Perchlorate Occurrence - Occidental Chemical Information

FROM: Kevin P. Mayer, SFD-7-2

A handwritten signature in black ink, appearing to read "Kevin P. Mayer", is written over the printed name.

TO: Regional Perchlorate Contacts

In an email message on February 7, 2002, I promised to send copies of the Information Request Response we recently received from Occidental Chemical Corporation, the successor to a former manufacturer of perchlorate. The information in the enclosed response was not included in the maps or tables provided to ORD last year, which were incorporated into Chapter 1 of the Toxicity Assessment. Although the maps and tables can be viewed in the Toxicity Assessment document on-line, the memo transmitting the maps and table is only referenced. I am enclosing a copy of that transmittal memo. The maps and table are being sent to you electronically.

Please feel free to contact me if you have any questions or comments.
